SCOPE AND CONTENT NOTE

Sixty-six (66) nitrate negatives, 8" X 10", taken between 1920 and 1930. A minority of the images documents private residences and United Fruit Company pier-side operations.

Sixty-five (65) polyester interpositives, 8" X 10" and sixty-five (65) 8"X 10" resin coated paper photographic prints were created by the photographic reproduction unit of LSU Libraries – Special Collections, 2002. The advanced state of decay of one of the negatives (176223b – Queen and Crescent Building) made it unprintable.
